Small Group Questions - You don't have to ask every question, I just wrote down a lot of questions for resource. Ask your own at your convenience!

First ask if anyone has any questions about anything from the text.

James 2:1-7

When you think of a rich person, what kind of thoughts come to mind?

What about a poor person?

Do all rich people wear nice clothes?

Do all poor people wear old, dirty clothes?

Have you ever made a flash judgment when you see someone?

When was the last time you saw someone who you thought was poor? On the street, a mission trip, etc.

Is it wrong to be wealthy?

If you are wealthy are there different types of sins that you fall into if you're poor?

James 2:8-13

On a scale of 1 to 10, 10 being you love yourself more than anything else, how much do you love yourself?

Now if you were in a sinking ship and there was one life preserver, but there was one other person there, who you didn't know, would you save yourself?

Are all sins equal in God's eyes?

What is the Law of Liberty?

James 2:14-18

How often do you serve people you don't know?

What kind of works show that you have faith?

Do you have works that show that you have faith?

Have you ever met someone who says they have faith, but their works don't really seem to match up?

James 2:19-26

What happened in the story of Abraham and Isaac?

What happened in the story of Rahab and the spies?

How do we remind ourselves that we can't judge by appearances?
